Brand New Book ***** Print on Demand *****.Excerpt from Mining and Manufacture of Fertilizing Materials It is to be hoped that the present volume has unique merits of its own, and will appeal not only to manure manufacturers hut to farmers, as well as to agricultural students and all those who take an intelligent interest in the subject of agricultural chemistry. Common sense dictates that it is equally important for the student of agriculture to be able, if need be, to effect the synthesis of a manure as to be able to carry out the analysis there of. The student who can construct, mentally, a formula for a manure to yield, whether by dry mixing or wet mixing, certain predetermined results of analysis, is more highly trained than he who can use the faculties of destruction to resolve a manure into its constituent elements by following a treatise on agricultural chemical analysis, and that too often by methods which he would have to unlearn if he entered a fertilizer factory, where he would have to analyze manures and raw materials against chemists of some...
