Cengage Learning, Inc. Paperback. Book Condition: new. BRAND NEW, The Relational Leader: A Revolutionary Framework to Engage Your Team, Frank McIntosh, Looking for ways to make your company great, motivate your employees, and grow profits? Then "Relational Leader" is a must read for you. Many business books today focus on a particular way of doing things, or theory. The trouble is, we all do not work the same way and one size does not fit all. Told from a perspective few others have, "The Relational Leader" provides you with real-world examples, anecdotes, and stories of executives from a variety of industries who mastered the art of relational leadership and built incredibly successful organizations. See how relational leadership is not just a theory or a buzzword, but a way of managing through relationship-building to bring out the very best in one's employees. See how some executives succeeded where others failed and take advantage of those lessons of success to create your own.
