

The Blueprints of God: Science and Math Encoded in the Bible (Paperback)

By Roberta Ruth Hill

Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The Bible is loaded with many blueprints and intricate designs that form very detailed schematics in the universal languages of science and math. It is interesting and somewhat perplexing that many people are not taught to read the Bible from this higher level of understanding. It is the scientific and mathematical language that explains God s universe in a way that is clearly irrefutable proof as to the truth of God s Word. To read the Bible from just strictly a literal point of view is likened to a child that is just learning to read books for the first time, although the child is learning the basics of reading the words they still do not understand the more complex examples of allegory, metaphors and the more complex symbolic undertones within the stories. Reading the Bible from the symbolic level helps us to gain a better understanding of the stories in the Bible, and perhaps the most valuable symbolic way of reading the Bible is to look at everything from a scientific and mathematical perspective. Science and math...
