Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Written by Diabetics; for Diabetics. Diabetes is now a prevalent condition that affects millions of people. Many of you will have, or most of you will know, someone who has it. This book has been written by a collaboration of medically trained diabetics - not by Medical Practitioners, PhD professors or salespeople. - They are people who until recently struggled to control diabetes with diet, exercise and high levels of glycemic drugs alone. After learning about products made from the Moringa tree, they were able to dramatically lower their blood glucose levels within weeks and continue to do so. They did their research thoroughly and found the pods and leaves of this unique tree dramatically lowered their blood glucose levels quickly, and that continues to be the case. They now want to share their knowledge and extensive research in a simple to understand way, so you too can also benefit from their experience. This book is not about a miracle cure, and the information provided does not claim to be an alternative to diet, exercise, glycemic drugs or for you to ignore your Medical Practitioner s advice. It is an aid, a supplement, which, when combined with the other factors along with your Practitioners supervision, can safely reduce your blood sugar levels, and benefit your health in many other ways. In these pages you will find genuine factual accounts and testimonials. This book will explain a little about diabetes and ways in which the properties of Moringa can help you. It also contains fun recipes and advice on its uses. Diabetics who are struggling with their condition will find this publication invaluable, as will anyone who...
