This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

GAO reviewed the Air Forces continuing efforts to implement and comply with the Federal Managers Financial Integrity Act (FMFIA) and assessed: (1) its progress in improving internal controls and accounting systems compliance evaluations; and (2) the adequacy of the basis for the Air Forces letter to the Secretary of Defense, which stated that the objectives of FMFIA had been met. GAO found that the Air Force has: (1) improved its internal control systems; (2) made progress toward correcting weaknesses; (3) improved its evaluation programs; and (4) established the overall framework for an effective program. However, more improvements are needed before it will have an adequate basis for determining that its internal controls, taken as a whole, comply with the requirements of FMFIA. To enhance its future basis for determining the overall status of its internal controls for reporting compliance with the requirements, the Air Force needs to improve: (1) guidance for performance and documentation of internal control reviews (ICR) and vulnerability assessments; (2) coverage of automatic data processing (ADP) application controls; (3) quality assurance reviews; (4) evaluation and testing of accounting systems in operation; and (5) analysis of its fiduciary and management accounting capabilities in nonconforming systems. This item ships from La Vergne, TN. Paperback.
