## BEES: THEIR VISION, CHEMICAL SENSES, AND LANGUAGE (PAPERBACK)

Cornell University Press, United States, 1972. Paperback. Book Condition: New. Revised edition. 183 x 127 mm. Language: English . Brand New Book. Over half a century of brilliant scientific detective work, the Nobel Prize-winning biologist Karl von Frisch learned how the world, looks, smells, and tastes to a bee. More significantly, he discovered their dance language and their ability to use the sun as a compass. Intended to serve as an accessible introduction to one of the most fascinating areas...
