

Nutriscribe: Adaptive Nutrition: No More Fad Diets, Food Logging or Calorie Counting (Paperback)

By Kusha Karvandi, Kelley Karvandi

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Are you tired of yo-yo dieting? Ready to get off the rollercoaster of fad dieting? We know you've heard it all before. Eat right and exercise. Burn more calories than you consume. Chocolate cake can still be your friend. But if it was so simple, we'd be able to achieve this, right? Wrong. You've chosen the right book to not only provide mouth-watering recipes and simple meal programs to follow, but also explain exactly how your body works to digest food. Good news! Eating fat doesn't make you fat. Say what? Nope. Because there are good fats and bad fats. It's all explained simply and clearly. Eating the good fats will ensure that you retain essential vitamins and minerals in your body, improve your blood sugar stability, reduce your cravings (which in turn will stop you binge eating), and optimize your hormone levels. This, in turn, will help you steer clear of diseases caused by hormonal imbalances. So throw away your food journals NOW and learn to eat fats properly. So who are...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dr. Barney Robel Jr.
