

Java and XML For Dummies

By Barry Burd

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Java and XML For Dummies, Barry Burd, The seamless integration of source code and data from many different programming languages and platforms to build large, reliable software systems has been the Holy Grail of computing since the early 1970s. Now, with the marriage of the Java programming language and XML-the worldwide standard for representing data-that ideal has been realized. Together, Java and XML make up the backbone of a bold new generation of applications and Web services. As the sixties radicals used to say, "Either you're part of the problem or part of the solution!" and no programmer worth his or her salt will want to pass up an opportunity to get in on the Java and XML revolution. Java and XML For Dummies offers you a fun, fast and easy way to get up to speed on all of Java's XML tools. Barry Burd walks you through all the major APIs and standards -from JAXP and SAX to SOAP and UDDI-and shows you how to start programming with them right away. Using lots of real-world programming examples he puts you on track to:* Configure your computer to optimize...
