Brand New Book ***** Print on Demand *****.This book identifies a widespread conceptual vagueness in industry and education today over quality and finds that the Metaphysics of Quality of Robert M. Alchemy is re-evaluated (and alchemical vanitas interrogated) and employed as a powerful paradigm for this transformation. A mnemonic scheme is employed to structure, illustrate and further the argument of each chapter by personification in typical characters, ancient and modern. The ancient characters are Graeco-Roman divinities. The modern characters portrayed are teachers; however the new paradigm of Quality illustrated also has implications outwith the field of education.
