Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Unemployment is running at an unprecedented rate. The job market is tight. Companies are downsizing or outsourcing work. Colleges, Tech Schools and High Schools are turning out graduates. The competition for jobs is fierce. Interviewing as a performance skill is rarely taught in the field of education. This is true at all levels of education. Most interview training, if any, is done for the person sitting on the other side of the desk, the interviewer. The job interview process may not be fair. It may not be supported by empirical scientific evidence of accuracy. There may be a better way to fill jobs. But as far as anyone can tell RIGHT NOW, the interview is the system or process used to fill jobs. If you are seeking employment or thinking about changing jobs, you need training for the interview fight of your life. Just like a boxer stepping in to the ring, you need to understand your opponent (interviewer). You need to beat your challengers (other applicants). You need to know what to expect. And, how to throw an INTERVIEW COUNTERPUNCH.
